Welcome to PCEA Orlando and the first newsletter of my term as President. I want to thank you for your interest in PCEA and for allowing me to represent this chapter. Some amazing things happened last year under Christina Kanhai Presidency, and I wanted to do a quick recap for anyone new and for those that have not been able to make every meeting. We set a membership record for the Orlando Chapter, at 145 members. Second, we set a scholarship amount record and gave away $17,000 through our three scholarship options, Randy Welch, Student Member, and Member Professional. With the help of those two items, we were able to win the Bill Helms PCEA Chapter of the Year award at the National Convention in May.

I have four main goals that the 2019-2020 Board of Directors will accomplish during my term as President - to give away more scholarship money, break last year’s membership record, expand our contributions to the community, and defend our status as Chapter of the Year and recipients of the Bill Helms award this year. You can read more about these goals on the following page.

If you are not a member, and would like more information about becoming one, please reach out to me or any of the other Board Members listed in each newsletter.

Thank you,

Tim McLaughlin
PCEA Orlando, Chapter President

www.pcea-orlando.org
PCEA Orlando's 2019-2020 Board of Directors has four main goals that the chapter is going to accomplish during Tim McLaughlin's term as President.

1. Raise and give away more scholarship money. With the help of the Golf Committee, Social Committee, and Scholarship Committee, we are going to continue to have marquee events that separate PCEA from the other local associations since we focus on Value and Quality.

2. Break last years record of 145 members. PCEA Orlando is going to continue to provide relevant and worthwhile speakers and panels, that will continue to increase our meeting attendance and popularity.

3. Expand our Community Give back as an Organization. While we focus all of monetary donations to scholarships per our chapter by laws, the Orlando Chapter is made up of giving individuals who are willing to give time to help better the Central Florida Area.

4. If we do the three things above, we will easily repeat as Bill Helms award winners.

Mr. Green brings over 15 years of Real Estate Investment and Development experience. Tim is a proven leader who promotes strong team building and communication. Mr. Green has been involved in all facets of development projects including proposal preparation, contract administration, land use changes, entitlements and permitting and construction quality monitoring and cost control. Projects include Green Isle, Windermere FL; FDOT Transit/Downtown Student Housing; The Greens at Forest Lake, Ocoee; Green Village Shoppe, Ocoee, Green Reserve, Windermere.

- PCEA MEMBERSHIP MEETING: August 27, 2019, 5:30 - 7:30 PM
  Speaker: Richard Forbes, AIA
  Topic: City of Orlando Historic Preservation Society
  August 27, 2019, 5:30 PM - 7:30 PM
  Citrus Club, 255 South Orange Avenue #1800

- STEAK ON THE LAKE: September 24, 2019, 4:00 - 8:00 PM
  Orange County Sportsman’s Association
  9020 Kilgore Road, Orlando, FL 32863

- PCEA MEMBERSHIP MEETING: October 22, 2019, 5:30 PM - 7:30 PM
  Speaker: Richard Forbes, AIA
  Topic: Orlando Packing District Development
  Citrus Club, 255 South Orange Avenue #1800
  5:30 PM - 8:00 PM

At last month’s meeting, PCEA members heard from Allen Johnson, Director of the City of Orlando’s Venues. Many recalled the $207.7 million renovation of over 90% of the City of Orlando’s Camping World Stadium, formerly known as the Citrus Bowl. Quite a few PCEA member companies worked hard to maintain an aggressive schedule to reconstruct this iconic Orlando venue in less than a year.

Since then, the stadium has hosted many memorable concerts, including a sold-out stadium for the Rolling Stones. The Orlando City Soccer Club played their inaugural season in the MLS at this stadium, which has also hosted the NFL Pro Bowl and Orlando’s Electric Daisy Carnival. It is currently impossible to find tickets to the 2019 Camping World Kickoff, where the Florida Gators will play the Miami Hurricanes for their season opener.

Allen went on to give us an update regarding plans to improve the City’s Camping World Stadium. He informed the group of $60 million in funding from TDC and Orange County that has already been approved. The funded enhancements include filling in the North side of the stadium with mixed seating, additional point of sale units, and new restrooms. An upper level walkway will connect the suite level to a new and improved terrace level. Field level fan amenities will be added to the plaza level. Other slated enhancements include converting outdoor club areas to indoor air conditioned spaces, building systems upgrades, and much-needed parking lot improvements. The Construction Management RFP will be issued this summer.

Allen also mentioned future phases of improvements to Camping World Stadium, which included further stadium enhancements. This included a 5,000 seat amphitheater that could compete to host concerts that currently end up at smaller-scaled venues. There would be a range of ticket options including general admission, standing room only, and premium seating. This would be in addition to future soccer related improvements to accommodate events like the 2026 World Cup, if Orlando can win their bid to host this event.
